Courses taught in English for exchange students at Master level

SPRING STUDY at AGROCAMPUS OUEST

Rennes, France
From February to June
Courses taught in English for exchange students at Master level

Launch your international career in Europe’s Leading Area For Agriculture and Food Industry

Founded in 1830, AGROCAMPUS OUEST is a Graduate School with honoured traditions which offers graduate (Master, Engineer) and post-graduate (Ph.D.) degrees. With the diversity of its 2 000 students, 145 professors, an outstanding world-class research and a proximity with companies, the university is fully involved in the bioeconomy to tackle the societal challenges.

The city of Rennes is situated in the West of France, in the Brittany region. With 60,000 students across several campuses, the city of Rennes has chosen a life of bustling vitality at a youthful place. 2hrs from Paris by train, 1hr from Mont St-Michel and St-Malo (Atlantic coast).

Our campus is located in the city very close to the downtown area. We offer our students convenient dormitories and a way to:
• Live in a secure, friendly and green campus
• Attend social events introducing students to French and Breton culture
• Take part in opening and closing events honoring visiting students
